This past August, I was home one day and took a walk around the yard with our oldest dog Remington. At this point of the summer our Rose of Sharron bushes were in full bloom. As I walked around them, I noticed a lot of bees flying in and out of the flowers. I went back into the house to grab my camera so I could show my wife what I thought I could capture. As I looked in the one flower, I saw a small bee covered and I do mean covered with pollen. There wasn't anywhere on him that didn't have pollen. When it finally tried to fly out of the flower, it really struggled.

As I watched the other bees come and go, I instantly thought of Matthew 6:25 – 34, where Jesus talks about how nature does not worry where they will sleep, what they will eat or what they will wear. He says, "31 – So do not worry, saying, 'What shall we eat? Or what shall we drink or what shall we wear?' for pagans run after all these things, and your heavenly father knows you need them. But seek first His kingdom and his righteousness, and all these things will be given to you as well."

So often we worry about our homes, cars, TV's, food, clothes, etc. that we forget God's promises. If we relax and let God be God, it is amazing what He will show us.
